

KidsHubs Continuum

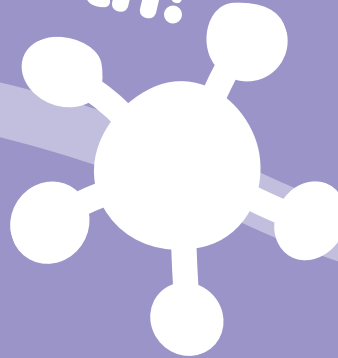

Learn fun skills and follow Jesus...

Learning
skills!

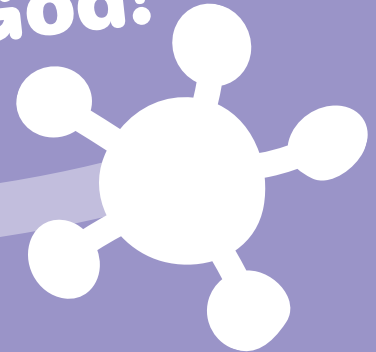

Kids are clever! Teach skills that **uncover and encourage children's interests**, for example, media, drama and sports.

Growing
faith!

Kids learn to serve now! Equipping the next generation provides opportunities to **explore the Bible and follow Jesus** using discussion ideas.

Awesome
God!

This informal, natural and ongoing community provides both leaders and children opportunities to **model a vibrant love for God and others**.
